## Jenny

Without Vicky's influence, Jenny might be a nice enough girl. Maybe. But the problem with Jenny is that she doesn't think for herself. She mimics Vicky without the least hesitation. But she does the worst damage when she takes pity on Karine and tries to be nice to her.

## Dan

The only boy in the school to prefer Karine over her two bellybutton-gazing friends. Unfortunately for him, and for Karine, Jenny and Vicky have no intention of letting even one boy slip through their fingers. They need the full set. His love letters never make it to their destination, and his invitations all inexplicably fall through.

## Karine

Her "best friends" would rather she remain average and unnoticed—she cannot be allowed to take any of the spotlight! Her lack of self-confidence makes her an easy target for plenty of nasty tricks. Never a harsh word or gesture; always sweet and kind. This perfect victim... could very well rebel someday!

## Vicky

Better not get in her way! She's almost as smart as she is nasty. Never an ounce of compassion, no matter the situation. She's aware of the power her beauty gives her and won't hesitate to use it.

## John John

Always in a helmet, his bike ready to sweep Jenny and Vicky off their feet, he makes the girls' hearts beat like no other! He's quite the charmer, but dumb as a brick: After four years in high school, he still doesn't know how to read...
